## **President's Message**

The Athens Institute for Education and Research (ATINER) is pleased to announce the publication of a number of peer reviewed, open access journals of original research work. Most of the articles will be selected from the numerous papers that have been presented at the various annual international academic conferences organized by the different research divisions and units of the Athens Institute for Education and Research. The plethora of papers presented every year will enable the editorial board of each journal to select the best, and in so doing produce a top quality academic journal. In addition to papers presented, ATINER will encourage the independent submission of papers to be evaluated for publication.

The current issue is the second of the [\*Athens Journal of Architecture\*](#) published by the [\*\*Architecture Research Unit\*\*](#) of the Athens Institute for Education and Research (ATINER).

**Gregory T. Papanikos**  
**President**  
**Athens Institute for Education and Research**
