The Athens Institute for Education and Research (ATINER) was established in 1995 as an independent world association of Academics and Researchers. Its mission is to act as a forum where Academics and Researchers from all over the world can meet in Athens, in order to exchange ideas on their research, and to discuss future developments in their disciplines.

The organizing and hosting of International Conferences and Symposiums, the carrying out of Research, and the production of Publications are the basic activities of ATINER. Since 1995, ATINER has organized more than 400 International Conferences and other events, and has published close to 200 books. In 2012, the Association launched a series of conference paper publications ([click here](#)), and at the beginning of 2014, it introduced its own series of Journals ([click here](#)).

Academically, the Association is organized into seven Research Divisions and thirty- nine Research Units. Each Research Unit organizes at least an Annual International Conference, and may also undertake various small and large research projects.

Academics and Researchers are more than welcome to become members and to contribute to ATINER's objectives. If you would like to become a member, please download the relevant form ([membership form](#)). For more information on how to become a member, please send an email to: info@atiner.gr.
